## Research and Investment Services

### About TresVista

TresVista is a global enterprise offering a diversified portfolio of services that enables its clients to achieve resource optimization through leveraging an offshore capacity model. TresVista's services include investment diligence, industry research, valuation, fund administration, accounting, and data analytics. TresVista has more than 1,800 employees across offices in North America, Europe, and Asia, providing high-caliber support and operating leverage to over 1,000 clients across geographies and asset classes, including asset managers, advisors, corporates, and entrepreneurs.

### About the Department

Research and Investment Services (RIS) is one of the vital service lines offered to clients, providing Modeling and Financial Analysis, Research, Due Diligence, Valuation and Portfolio Management, Deal Sourcing, and Marketing and Communications. We are a group of highly skilled professionals working as an extension of the clients' teams and further supported by additional value-added functions. We serve various clients across Public and Private Equity, Investment Banks, and other Corporates, Wealth Management Firms, Portfolio companies, and many more.

### About the Opportunity

The Analyst profile at TresVista encompasses a two-year program, where you will be responsible for the execution of Client projects by leveraging your knowledge and skills acquired through comprehensive training as well as on-the-job learning. Analysts work with Senior Analysts and Associates and dedicate themselves towards executing projects for our Clients. Over the course of this rich learning experience, you can work across diverse projects and take up opportunities to network and seek mentorship from senior investment professionals across industries.
